The K. P. A. Meeting.

[Courier-Journal.]

THE next meeting of the Kentucky Press Association will be held at Mackinac during the latter part of June. The Executive Committee met at the Gal House Saturday afternoon, and decided upon the arrangements in a general way.

The members of the committee who attended were Chairman H. A. Sommers, of Elizabethtown; James Williams, of Midway; W. T. Havens, of Mt. Sterling; L. W. Gaines, of Elkton; H. C. Woolfolk, of Danville, and R. W. Brown, of Louisville.

The trip next summer will be made by way of the L. & N., the C. H. & D., and the D. & C. line of steamers. The points that will be visited are Toledo, Detroit, Put-in Bay and Mackinac. It was decided that the officers and Executive Committee of the Association constitute a committee to attend the christening of the battle-ship "Kentucky" in January.

The Executive Committee will recommend to the association several changes in the constitution, one of which will be that trade papers shall not be admitted to membership in the association. It is desired by them that the membership shall be confined strictly to newspapers. It is probable that the committee will try to secure some advertising legislation during the next session of the Legislature.

Interesting Lecture Course.

The Paris Literary Club has engaged Professor Edwin C. Sparks, of the University of Chicago, for a series of six Character Studies in American Development, the subjects being as follows: Johnathan Edwards and the Early Church.

Benjamin Franklin and American Diplomacy.

John Marshall and the Federal Judiciary.

Daniel Webster and the American Bar.

Wendell Phillips and American Oratory.

Horace Greeley and American Press. The subjects in themselves are very attractive, covering a broad field of thought along different lines, and will doubtless prove both entertaining and instructive especially when presented in the delightful manner for which Professor Sparks has a wide reputation. These Lecture-Studies will be given in Methodist Church commencing on January 14th, and continuing every second Friday, until course is completed. Season tickets, costing one dollar may be procured from any member of the club.

Gov. Bradley Ignores Bourbon.

In selecting commissioners to attend the launching of the Kentucky, Gov. Bradley ignored Paris, the second city of the Seventh Congressional District. He appoints two Lexington men, then hops over into the Eighth district for a third commissioner. When naming commissioners for the Eighth he hops back the Seventh district and names another Lexington man.

General Debility and Loss of Flesh

Scott's Emulsion has been the standard remedy for nearly a quarter of a century. Physicians readily admit that they obtain results from it that they cannot get from any other flesh-forming food. There are many other preparations on the market that pretend to do what

SCOTT'S EMULSION

does, but they fail to perform it. The pure Norwegian Cod-liver Oil made into a delightful cream, skillfully blended with the Hypophosphites of Lime and Soda, which are such valuable tonics, makes this preparation an ideal one and checks the wasting tendency, and the patient almost immediately commences to put on flesh and gain a strength which surprises them.

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper. 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.

Minute.

Concerning the Resignation of the Rev. Frank Hallam as Rector of St. Peter's Church, Paris, Ky.

On the 21st of September, 1897, the esteemed Rector of St. Peter's church, Paris Kentucky, the Reverend Frank Hallam, resigned to the Vestry his charge of the same, to take effect January 1st, 1898, and the undersigned members of the Vestry were appointed a Committee to draft a minute appropriately referring to the same and to be entered on the minutes.

The resignation, having been caused by prolonged ill health, followed by the urgent advice of the physicians to desist entirely from work, the Vestry felt there was no other alternative than to accept it.

They have done so in the deepest sympathy with their Rector and his family, and with the prayerful wish and hope that this course may prove under God a means for his complete recovery and the prolongation of his life.

The Vestry wish to testify to the conscientious desire which their Rector has ever manifested faithfully to perform the duties of his office. An unusually able preacher and a reverent priest, his services in the church have always been edifying. A pastor of most sensitive sympathy, he has striven to heal the wounded, to bind up the broken hearted and to seek and to save the lost. A man of integrity and character, his influence as a neighbor and citizen has been uplifting.

We gratefully recognize that, through many adversities, he has for the last five years held the congregation together in the love of Christ and of his Church.

Our regret in parting with him is intensified by the universal affection in which his beloved wife and children are held.

We pray earnestly that the hand of our Heavenly Father may be upon him and upon his family, to direct and bless them through all the days of their lives.

N. F. BRENT,
Committee.

MANY THINK!

when the Creator said to woman, "In sorrow shalt thou bring forth children," that a curse was pronounced against the human race, but the joy felt by every Mother when she first presses to her heart her babe, proves the contrary.

Danger and suffering lurk in the pathway of the Expectant Mother, and should be avoided, that she may reach the hour when the hope of her heart is to be realized, in full vigor and strength.

MOTHER'S FRIEND

so relaxes the system and assists Nature, that the necessary change takes place without Nausea, Headache, Nervous or Groaning, pre-boding of danger, and the trying hour is robbed of its pain and suffering, as so many happy mothers have experienced. Nothing but "Mother's Friend" does this. Don't be deceived or persuaded to use anything else.

"Mother's Friend" is the greatest remedy ever put on the market, and all our customers praise it highly.—W. H. KISS & CO., Whitewright, Tex. Or druggists at \$1.00, or sent by mail on receipt of price. Write for book containing valuable information for all Mothers, mailed free. The Bradford Regulator Co., Atlanta, Ga.
